Not only did he get back up he counter punched.

One of the all time greatest men to ever live. It saddens me that America for once in a looong looong time had a president who was willing to do whatever it took to stand up for his country and his people and half the country didn't know what they had.

30 President Trump, you will go down in my book as the greatest President of my lifetime thus far without a doubt. You stood up to the liberal elite, fake news media, and the globalists. But most importantly you stood for us Americans. Those of us who have felt trampled on and helpless as our corrupt politicians sold our manufacturing and businesses overseas decade after decade, you heard our cries and you gave us a voice. You left your life of luxury out of a selfless desire to represent the American people at the highest office in our government, and you fought day in and day out to restore the fundamental American values that this nation was built upon. God, guns, and freedom. You have given us patriots the momentum and hope to continue the fight of good vs evil, and God willing good will prevail. God bless you President Trump, it was an honor voting you into office I will love and cherish you forever.

1 Exactly. There's no coincidence with the Italian info, Sidney Powell mentioning it, and now Lin Wood sent a link about it. If they reveal it too early, Dems can respond. Another big red Trump flag.... Why would Dems be pushing for impeachment or 25th amendment when they can take the easy road and wait 12 days and persecute him to the fullest then? They want to take the hard road because 1) he has incriminating shit on them, or 2) they don't believe Biden will get inaugurated.

▼ Okay I saw you post this a few times so I went and looked. It is weird. In fact, the more I looked up close at my laptop the weirder the whole video is - it looks like someone photoshopped his talking head onto a body. Is that even possible? Lol. ▼ I love Trump so much. I never felt like this for a politician, if you can call him one. If you think about it, he's very dangerous to the establishment. He's no friend of theirs and it's certain that he knows more of the swamp's secrets and inner workings than before becoming President.

If he isn't sworn in on inauguration day, at least I can take comfort in knowing how much of a thorn he will be to his enemies.

Joe Biden will never be my President, same goes for Kamala.
